Auto Collision Repair
Bakery
Cellular Phones
Chiropractor
Electrical Engineer
Florists
Framing and Art
Glass – Automobile

PROGRAM FOR SEPTEMBER 24, 2019

LORI CHAUVIN, FBI COMMUNITY OUTREACH

Lori A. Chauvin graduated from the University of New Orleans with a Bachelor of Science Degree in Business Administration.

In June, 2011, Mrs. Chauvin was promoted to Secretary to the Special Agent in Charge of the New Orleans Division and then in March, 2016, she was promoted to her current position of Community Outreach Specialist where she coordinates the Community Outreach Program for the entire state of Louisiana.

The better we know our communities, the better we can protect them. The Community Relations Unit at FBI Headquarters and FBI community outreach specialists in field offices across the country create and strengthen relationships locally and nationally with minority groups, religious and civic organizations, schools, non-profits, and other entities. These partnerships have led to a host of crime prevention programs, enabling families to stay safe from fraudsters and cyber predators, businesses to protect themselves from hackers and economic espionage, schools and workplaces to safeguard against violent rampages and illegal drugs, and all citizens to become alert to potential acts of terror and extremism.

Some of our programs include:

Citizens Academies

Our Citizens Academy programs are engaging six-to-eight-week programs that give business, religious, civic, and community leaders an inside look at the FBI. Classes meet in the evenings at FBI field offices around the country. The mission of the FBI Citizens Academies is to foster a greater understanding of the role of federal law enforcement in the community through frank discussion and education. Candidates are nominated by FBI employees, former Citizens Academy graduates, and community leaders. Participants are selected by the special agent in charge of the local FBI field office. To find out more about an FBI Citizens Academy in your area, [contact your local field office](#).
